

Our CAMHS partnership is made up of a range of organisations across East Berkshire that promote emotional wellbeing and deliver preventative mental health services and support and treatment to children and young people who are experiencing significant, severe and complex difficulties with their mental health. Our providers are doing all they can to keep services running whilst also keeping children, young people, families and their staff safe. However, please be aware that due to the impact of COVID-19 some services will be disrupted, postponed or delivered differently (via phone or video link where possible). The below is an update as off Monday 6th April 2020 – this information will be updated weekly. This document is for internal use, within organisations and not designed to be shared directly with the general public.

Organisation	Service overview	Service update as off 06/04/20	What support is still available?	Comms update
<p>Berkshire Healthcare CAMHS, Neurodiversity, Eating Disorder Service</p>	<p>Children and Adolescent Mental Health Service (CAMHS) for young people who are experiencing significant, severe and complex difficulties with their mental health</p> <p>Common point of Entry (CPE)</p> <p>Rapid Response Team (Crisis)</p> <p>Anxiety and Depression Team</p> <p>Specialist Community Team Eating Disorder</p> <p>Willow House – Tier 4 provision</p> <p>This updates also applies to the following neurodiversity services:</p> <p>ADHD Pathway</p> <p>Autism Assessment Team</p> <p>Psychological Perspectives in Education and Primary Care (PPEPCare) Training</p>	<p>Focus is on critical activities which include:</p> <ul style="list-style-type: none"> • Triage and assessment of new referrals to ensure identification of patients at high clinical risk. • Rapid Response to young people presenting in, or at high and immediate risk of crisis/deliberate self-harm/suicide. • Review of medication (in urgent cases, where risk is high) and prescribing where prescribing can only be done by CAMHS Psychiatry. • Assessment of patients, development of treatment plans & delivery of therapeutic interventions for high need/high risk children & young people • Liaison and consultation to other professionals regarding urgent mental health concerns • Urgent assessment/review related to Mental Health Act, assessment and planning/arrangement of Tier 4 admission. <p>Non critical activities will be paused, this does include PPEP care Training.</p> <p>Willow House adolescent inpatient unit will be closed due to planned programme of maintenance work. Alternative arrangements had already been put in place for access to acute mental health inpatient care with the Thames Valley CAMHS Tier 4 network.</p>	<p>See list in service update column.</p> <p>Check the website before contacting and to think about whether a referral is urgent before sending it during this uncertain period.</p> <p>website https://cypf.berkshirehealthcare.nhs.uk/our-services/children-and-adolescent-mental-health-services-camhs/</p> <p>If you are unsure whether to make a referral or need advice that is urgent but not an emergency, please contact the CAMHS CPE team by telephone on 0300 365 1234</p> <p>Autism Assessment and Anxiety & Depression Teams also have the ability to offer support via SHaRON and all families in these services have been invited to access this online system. The Autism Assessment Team also work in partnership with an online provider to offer a number of assessments online and it is hoped there will be less impact on this way of delivering assessments</p> <p>Support is still available for young people presenting in crisis with access to crisis assessment and support away from hospital where possible</p>	<p>Families and young people receiving care from Berkshire Healthcare services have been informed of these plans and provided with details of how to access support and further information.</p> <p>Website has COVID 19 statement.</p> <p>Comms via email from Berkshire Healthcare to key partners.</p> <p>CCG – sharing comms with primary care</p>

<p>AnDY Clinic – Reading University</p>	<p>Offers assessments, treatment and research to children and young people suffering with anxiety and/or depression.</p>	<p>Base at the University of Reading closed on Friday 20th March until further notice. All face-to-face appointments suspended and all staff now working remotely from home.</p> <p>Had topped taking new referrals via CAMHS CPE but are due to go back into CPE by the end of this week.</p> <p>All children, young people, and families already in treatment already contacted directly by their treating clinician. Treatment for these people will continue remotely if requested and clinically indicated under the current circumstances.</p>	<p>Current priority for staff working from home is to ensure the safety and well being of children and young people already under our care.</p> <p>On Monday 23rd March, all clinicians were assigned new caseloads and began contacting families by phone to check closure notification letters had been received and carry out clinical reviews and update risk assessments and risk management plans. Further reviews will be carried as necessary according to clinical need.</p> <p>Clinic website still operational and families are still able to access resources. Statement posted on Clinic website that draws attention to the Clinic closure and provides advice for families.</p> <p>Main clinic telephone still operational and callers are able to leave messages: 0118 378 4682. Messages are being monitored regularly and calls are being returned.</p> <p>Main clinic e-mail address still operational and being monitored: andyadmin@reading.ac.uk.</p> <p>In coming days/weeks, will look to build on what they're able to offer (e.g., online parent-led CBT for children with anxiety disorder). They're keen to ensure whatever they offer continues to be evidence-based and has a good chance of being successful despite the current situation. All intervention work will be assessment and formulation driven, as usual.</p>	<p>All children, young people, and families under their care were sent letters on Friday 20th March to alert them of the Clinic's closure and the immediate implications for their care. Enclosed a guide for parents/carers supporting children and young people during this challenging time</p> <p>Statement on website that draws attention to the Clinic closure and provides advice for families</p>

Symbol Uk	Speech and Language support to the three Youth Offending Teams across East Berkshire	<p>No longer seeing CYP face to face but are still offering service to YOTs virtually.</p> <p>All YOTs now operating remotely.</p> <p>Maidenhead – SaLT now has remote access to systems so can access records etc. Agreement going forward that SaLT will be able to access young people via Skype or Zoom – caseworker will give the young person the link. Consent forms in place.</p> <p>SaLT working on Communication Passports for young people.</p> <p>SaLT providing staff training via Zoom next Tuesday.</p> <p>Remote meetings with the team regarding SMART pathways planning.</p> <p>SaLT reviewing the resources being developed and circulated within the Youth Justice SaLT workforce and circulating the recommended ones accordingly.</p> <p>Bracknell – Team having daily meetings via Microsoft Teams so SaLT joining the Tuesday one. To report back next week about the use of Zoom/Skype in other YOTs. This week has been report writing for young people assessed just before lockdown. Providing ideas for a weekly prevention newsletter and assisting with creating easy read documents.</p> <p>Slough – SaLT attended remote Team meeting this week (changed day to</p>	<p>Service is still offering support to YOTs and is working around their business continuing arrangements.</p> <p>Working on projects for the YOT team as well as offering video discussions with YOT caseworkers.</p> <p>Have had some challenges with remove working and links with LAs as they are not employed via LAs – Symbol is working through these challenges.</p>	Service has been communicating direct with YOT teams and also with CCG

		<p>enable this). Monday should have been Slough Engagement Day so had prepared materials for this. Liaising with caseworkers about young people. Provided advice to team about use of Zoom (Symbol staff received some training this week) particularly in regard to safeguarding. Shared easy-read materials regarding Covid19 and social distancing for caseworkers to reinforce with young people. 12 new referrals to team this week to be allocated, which is likely to lead to increase in SaLT referrals. SaLT to support caseworkers with screening where there are staff shortages due to self-isolation etc.</p>
