

# Hello there

Welcome back to school!  
We've missed you so much.

# What changes are there?

Things have been quite strange for the past few months and we've had to stay at home a lot.

We're back in school now though and although some things are a little different, some things are also still the same.

# Things that are the **same**

We still have all the same friends.

We have our new classroom, teacher and teaching assistant just like we would every September.

We will come to school and leave at the same time before our school closed.

People at school will still care for us and keep us safe.

We will have lunchtime at the same time as the rest of our year group.

# Things that are **different**

We won't gather all together in assemblies.

We still need to try and keep to social distancing.

We might have less equipment to use in our classrooms, for PE lessons and at playtimes and lunchtimes.

Sometimes we will eat our lunch in our classrooms.

We will only have one toilet for our class and it will be used by boys and girls.

Do elbow bumps.

Tell a grown up if we don't feel well or are upset or hurt.

**But we can still...**

Smile at everyone.

Be kind and caring.

Say nice and kind things to other people.

We can all play our part to help things go back to normal as quickly as possible.

1. We can keep washing our hands properly, with soap or hand sanitizer.

2. We can cough into our sleeves and wash our hands afterwards.

3. We can sneeze into a tissue, well away from other people and wash our hands afterwards.

# Do you have any worries or fears?

Sharing is caring!

Tell someone you trust as everyone may be feeling the same way and we can talk about it together.

Remember it's completely normal - you can always tell a grown up anytime you like.

You don't need to feel  
worried because:-

Grown ups will keep you safe.

Everything will go back to normal soon.

You are special and loved.
