

WHAT ARE WE LEARNING IN NURSERY THIS WEEK?

This half term our topic is;
'Space using the book Whatever Next'

Week Beginning: 10th February 2020

Monday	Today we will be visiting the number zoo again and learning about number 5. We will continue to explore quantities using Numicon.
Tuesday	The children will count different groups of sets using numbers up to 10.
Wednesday	Show and Tell. The children will also be doing Sports with Mr McArthur in the morning.
Thursday	We will read the story 'How to catch a Star'
Friday	We will discuss the colours and shapes the children would like to put on their own rockets.

How can you support your child's learning at home?

Read books at home and discuss the characters and what is happening in the pictures. Count different amounts of objects up to five. Talk about space ships.

Our Parents' Evenings are on Wednesday 12th and Thursday 13th of February. On Wednesday you will have an appointment with one of us in order to ensure there are enough appointment times for everyone.

Please remember to return books when you have borrowed them. We have added in some more books for you to enjoy but still need more books to come back which may have ended up at home.

Thank you for your continued support. If you have any comments or concerns or questions, please speak to any of the Nursery Team members. 😊
